What is Banker Day? Banker Day is the VBA’s annual state advocacy day. Due to the temporary relocation of the General Assembly to the Pocahontas Building and the space limitations of the building, we will be holding Banker Day with a new format. We will invite all 140 representatives to the event, which will take place from 7:30-10:00 a.m. Over breakfast you will have the opportunity to interact with your local elected officials. Following breakfast, we will have a formal program with a panel of key legislative leaders and issue briefings from the VBA. Please email Grace Stephens at gstephens@vabankers.org for more information on Banker Day.

Who are the Emerging Bank Leaders? The EBL is a group of emerging leaders within the banking industry. The VBA created the group in 2009, and since then, the EBL has grown to more than 470 members, which are split into six regions within the state. The mission of the group is to ensure a continuum of leadership for the future of Virginia banking, and their objectives are to work together to improve the financial literacy of Virginia’s youth, positively influence the legislative landscape, and to network with one another in order to foster and develop their unique leadership abilities. For more information or to join the EBL, contact Chandler Owdom at cowdom@vabankers.org.

We look forward to seeing you in January!
